ELECTRO-SENSORS, INC.
NOTES TO CONDENSED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED MARCH 31, 2025
(in thousands except share and per share amounts)
(unaudited)

Note 1. Basis of Presentation

The accompanying unaudited condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions and regulations of the Securities and Exchange Commission to Form 10-Q. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements.

This report should be read together with the Company's Annual Report on Form 10-K for the year ended December 31, 2024, including the audited financial statements and footnotes therein.

Management believes that the unaudited financial statements include all adjustments, consisting of normal recurring accruals, necessary to fairly state the financial position and results of operations as of March 31, 2025 and for the three-month periods ended March 31, 2025 and 2024, in accordance with accounting principles generally accepted in the United States of America. The results of interim periods may not be indicative of results to be expected for the year.

Nature of Business

Electro-Sensors, Inc. (the "Company") manufactures and markets a complete line of monitoring and control systems for a wide range of industrial machine applications. The Company uses leading-edge technology to continuously improve its products, with the goal of manufacturing the industry-preferred product for each of our served markets. The Company sells these products through an internal sales staff and distributors to a wide range of industries that use the products in a variety of applications to monitor process machinery operations. The Company markets its products to customers located throughout the United States, Canada, Latin America, Europe, and Asia.

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. Cash equivalents are invested in commercial paper, money market accounts, and may also be invested in Treasury Bills with an original maturity of three months or less. Cash equivalents are carried at fair value. Cash equivalents were \$7,983 and \$7,980 as of March 31, 2025 and December 31, 2024, respectively.

The Company maintains its cash and cash equivalents primarily in two bank deposit accounts, which, at times, may have a balance that exceeds federally insured limits. The Company has not experienced any losses on these accounts. The Company believes it is not exposed to significant credit risk on cash.

Trade receivables and credit policies

Trade receivables are uncollateralized customer obligations due under normal trade terms generally requiring payment within 30 days from the invoice date. Trade receivables are stated at the amount billed to the customer. Customer account balances with invoices over 90 days are considered delinquent. The Company does not accrue interest on delinquent trade receivables.

Payments of trade receivables are allocated to the specific invoices identified on the customer's remittance advice or, if unspecified, are applied to the earliest unpaid invoices.

ELECTRO-SENSORS, INC.
NOTES TO CONDENSED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED MARCH 31, 2025
(in thousands except share and per share amounts)
(unaudited)

The Company maintains an allowance for credit losses on trade receivables, which is recorded as an offset to trade receivables. Changes in the allowance for credit losses are included as a component of operating expenses in the Statements of Operations. The Company assesses credit losses on a collective basis where similar risk characteristics exist. Receivables that do not share risk characteristics with other receivables, or where known collectability issues exist, are evaluated on an individual basis.

The allowance is based on the credit losses expected to arise over the life of the receivable (contractual term). The Company considers historical loss rates and current economic conditions when determining the expected credit losses. Receivables deemed uncollectible are written off against the allowance for credit losses. The allowance for credit losses was \$16 and \$11 at March 31, 2025 and December 31, 2024, respectively.

Revenue Recognition

At contract inception, the Company assesses the goods and services to be provided to a customer and identifies a performance obligation for each distinct good or service. The transaction price for each performance obligation is determined at contract inception. Contracts, generally in the form of a purchase order, specify the product or service that is to be provided to the customer. The typical contract life is less than one month and contains a single performance obligation, to provide conforming goods or services to the customer. Certain contracts have a second performance obligation, which typically is the initialization of the HazardPRO™ product. For contracts with multiple performance obligations, the transaction price is allocated to each performance obligation using the relative stand-alone selling price. Stand-alone selling prices are based on observable stand-alone prices charged to customers. Product revenue is recognized at the point in time when control is transferred to the customer, which typically occurs upon shipment. Service revenue is recognized when provided to the customer and typically takes less than a week to provide.

Fair Value Measurements

The carrying value of cash equivalents, trade receivables, accounts payable, and other financial working capital items approximates fair value at March 31, 2025 and December 31, 2024, due to the short maturity nature of these instruments.

Stock-Based Compensation

The Company records compensation expense for stock options based on the estimated fair value of the options on the date of grant using the Black-Scholes-Merton (“BSM”) option pricing model. The Company uses historical data, among other factors, to estimate the expected price volatility, the expected option life, and the expected forfeiture rate. The risk-free interest rate is based on the U.S. Treasury yield curve in effect at the time of grant for the estimated life of the option.

ELECTRO-SENSORS, INC.
NOTES TO CONDENSED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED MARCH 31, 2025
(in thousands except share and per share amounts)
(unaudited)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Current significant estimates, including the underlying assumptions, consist of realizability of trade receivables, and valuation of deferred tax assets/liabilities, inventory, investments, and stock compensation expense. It is at least reasonably possible that these estimates may change in the near term.

Net Income (Loss) per Common Share

Basic income per share excludes dilution and is determined by dividing net income by the weighted-average number of common shares outstanding during the period. Diluted net income per share reflects the potential dilution that could occur if securities such as options or restricted stock units were exercised or converted into common stock.

Diluted earnings per share ("Diluted EPS") considers the impact of potentially dilutive securities except in periods in which there is a loss because the inclusion of the potential shares would have an anti-dilutive effect. Diluted EPS also excludes the impact of common shares issuable upon the exercise of outstanding stock options in periods in which the option exercise price is greater than the average market price of our common stock during the period.

For the three-month periods ended March 31, 2025, and 2024, 185,000 and 175,000, respectively, weighted-average common shares for underlying stock options have been excluded from the calculation of diluted EPS because their effect would be anti-dilutive.

In addition, for the three-month periods ended March 31, 2025 and 2024, 84,000 and 105,000, respectively, restricted stock units have been excluded from the calculation of diluted EPS because their effect would be anti-dilutive.

ELECTRO-SENSORS, INC.
NOTES TO CONDENSED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED MARCH 31, 2025
(in thousands except share and per share amounts)
(unaudited)

Note 2. Investments

The Company has investments in common equity securities of two private U.S. companies that have an undeterminable market.

Equity securities are stated at estimated fair value and realized and unrealized gains and losses, if any, are reported in our Statements of Operations in non-operating income.

The cost and estimated fair value of the Company's investments are as follows:

	Cost	Gross unrealized gain	Gross unrealized loss	Fair value
March 31, 2025				
Equity Securities	\$ 54	\$ 2	\$ 0	\$ 56
Total Investments, March 31, 2025	<u>\$ 54</u>	<u>\$ 2</u>	<u>\$ 0</u>	<u>\$ 56</u>
December 31, 2024				
Equity Securities	\$ 54	\$ 2	\$ 0	\$ 56
Total Investments, December 31, 2024	<u>\$ 54</u>	<u>\$ 2</u>	<u>\$ 0</u>	<u>\$ 56</u>

Note 3. Fair Value Measurements

The following table provides information on those assets and liabilities measured at fair value on a recurring basis.

March 31, 2025

	Carrying amount in balance sheet	Fair Value	Fair Value Measurement Using		
			Level 1	Level 2	Level 3
Assets:					
Equity Securities	\$ 56	\$ 56	\$ 0	\$ 0	\$ 56

December 31, 2024

	Carrying amount in balance sheet	Fair Value	Fair Value Measurement Using		
			Level 1	Level 2	Level 3
Assets:					
Equity Securities	\$ 56	\$ 56	\$ 0	\$ 0	\$ 56

The equity securities owned by the Company are investments in two non-publicly traded companies. There is an undeterminable market for each of these two companies and the Company has determined the fair value based on financial and other factors that are considered Level 3 inputs in the fair value hierarchy.

There was no change in Level 3 assets measured at fair value on a recurring basis during the three-month periods ended March 31, 2025 and 2024.

ELECTRO-SENSORS, INC.
NOTES TO CONDENSED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED MARCH 31, 2025
(in thousands except share and per share amounts)
(unaudited)

Note 4. Inventories

Inventories used in the determination of cost of goods sold are as follows:

	March 31, 2025	December 31, 2024
Raw Materials	\$ 1,342	\$ 1,334
Work In Process	307	301
Finished Goods	381	339
Reserve for Obsolescence	(20)	(10)
Total Inventories, net	\$ 2,010	\$ 1,964

Note 5. Stock-Based Compensation

Stock options

The 2013 Equity Incentive Plan (the “2013 Plan”) authorizes the issuance of nonqualified stock options. Payment for the shares may be made in cash, shares of the Company’s common stock or a combination thereof. Under the terms of the 2013 Plan, non-qualified stock options are granted at a minimum of 100% of fair market value on the date of grant and may be exercised at various times depending upon the terms of the option. All existing options expire 10 years from the date of grant, subject to early termination 12 months after termination of employment or service due to death, disability, or termination other than for cause. The grants include a provision providing for acceleration of vesting upon a change of control in the Company.

As of March 31, 2025, the total unrecognized compensation expense related to outstanding stock options was \$105, which the Company expects to recognize through October 2028. The Company recognized compensation expense in connection with the vesting of stock options of \$10 and \$8 for the three months ended March 31, 2025 and 2024, respectively.

There were no stock options granted or exercised in the three months ended March 31, 2025 and 2024.

ELECTRO-SENSORS, INC.
NOTES TO CONDENSED FINANCIAL STATEMENTS
FOR THE PERIOD ENDED MARCH 31, 2025
(in thousands except share and per share amounts)
(unaudited)

Restricted stock units

The 2013 Plan authorizes the issuance of restricted stock units. Stock-based compensation expense is determined on the grant date based on the closing market value of the Company's common stock. The amount of expense is calculated based on an estimate of the number of awards expected to vest at the end of each vesting period and is expensed evenly over the vesting period. In connection with the time of vesting and issuance of shares, an eligible recipient of common stock may elect to have some shares withheld by the Company to satisfy any requirement for withholding taxes. The grants include a provision providing for acceleration of vesting upon a change of control in the Company.

As of March 31, 2025, the total unrecognized compensation expenses related to outstanding restricted stock units is \$295, which the Company expects to recognize through August 2028. The Company recognized compensation expense in connection with the vesting of restricted stock units of \$22 and \$21 for the three months ended March 31, 2025 and 2024, respectively.

There were no restricted stock units granted in the three months ended March 31, 2025 and 2024.

Note 6. Contingencies

The Company at times becomes subject to claims against it in the ordinary course of business. There are currently no pending or threatened claims against the Company that it believes will have a material adverse effect on its results of operations or liquidity.

Note 7. Segment Information

The Company has a single reportable segment based on the nature of its services and regulatory environment under which it operates. The nature of the business and the accounting policies of the segment are the same as described throughout Note 1. The Company's Chief Operating Decision Maker ("CODM") is its president. The CODM assesses the reportable segment's performance and determines the level of investment in the segment based on historical and projected operating results and net assets which are the same amounts in all material respects as those reported on the Statements of Operations and Balance Sheets.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

FORWARD-LOOKING STATEMENTS

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements made by us or on our behalf. We have made, and may continue to make, forward-looking statements with respect to our business and financial matters, including statements contained in this document, other filings with the Securities and Exchange Commission, and reports to shareholders. Forward-looking statements generally include discussion of current expectations or forecasts of future events and can be identified by the use of terminology such as “believe,” “estimate,” “expect,” “intend,” “may,” “could,” “will,” and similar words or expressions. Any statement that does not relate solely to historical fact should be considered forward-looking.

Our forward-looking statements generally relate to our growth strategy, future financial results, product development, and sales efforts. We make forward-looking statements throughout this Form 10-Q, but primarily in this Management’s Discussion and Analysis of Financial Condition and Results of Operations section. These include statements relating to our beliefs and expectations and intentions with respect to (i) our growth and profitability, (ii) our marketing and product development, (iii) our ability to continue to obtain parts and materials for our products from various manufacturers and distributors in a timely manner and at reasonable prices, (iv) the value of our intellectual property, (v) our competitive position in the marketplace, (vi) the effect of governmental regulations on our business, (vii) our employee relations, (viii) the adequacy of our facilities, (ix) our intention to develop new products, (x) the possibility of us acquiring compatible businesses or product lines as part of our growth strategy, and (xi) our future cash requirements and use of cash.

Forward-looking statements cannot be guaranteed and our actual results may vary materially due to the uncertainties and risks, known and unknown, associated with these statements, including our ability to successfully develop new products and manage our cash requirements. We undertake no obligation to update any forward-looking statements. We cannot foresee or identify all factors that could cause actual results to differ from expected or historical results. As such, investors should not consider any list of these factors to be an exhaustive statement of all risks, uncertainties, or potentially inaccurate assumptions. These forward-looking statements are subject to certain risks and uncertainties that could cause future results to differ materially from our recent results listed under the heading “Forward-Looking Statements” under “Item 1—Business,” in our Annual Report on Form 10-K for the year ended December 31, 2024.

CRITICAL ACCOUNTING ESTIMATES

The preparation of our financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make decisions based upon estimates, assumptions, and factors it considers relevant to the circumstances. These decisions include the selection of applicable accounting principles and the use of judgment in their application and affect reported amounts and disclosures. Changes in economic conditions or other business circumstances may affect the outcomes of management’s estimates and assumptions. An in-depth description of our accounting estimates can be found in the interim financial statements included in this report and in our Annual Report on Form 10-K for the fiscal year ended December 31, 2024. There have been no changes to our critical accounting estimates during the three-month period ended March 31, 2025.

SELECTED FINANCIAL INFORMATION

The following table contains selected financial information, for the periods indicated, from our Condensed Statements of Operations expressed as a percentage of net sales.

	Three Months Ended March 31	
	2025	2024
Net sales	100.0%	100.0%
Cost of goods sold	51.6	51.9
Gross profit	48.4	48.1
Operating expenses		
Selling and marketing	18.8	15.6
General and administrative	26.2	25.3
Research and development	11.0	11.7
Total operating expenses	56.0	52.6
Operating loss	(7.6)	(4.5)
Non-operating income		
Interest income	3.9	5.2
Income (loss) before income tax expense (benefit)	(3.7)	0.7
Income tax expense (benefit)	(0.8)	0.2
Net income (loss)	(2.9)%	0.5%

The following paragraphs discuss the Company's performance for the three months ended March 31, 2025 and 2024.

RESULTS OF OPERATIONS (in thousands)

Net Sales

Net sales for the first quarter of 2025 were \$2,239, a decrease of \$5, or 0.2%, from \$2,244 during the comparable period in 2024. The decrease was primarily driven by reduced sales of HazardPRO wireless product sales, partially offset by an increase in sales of wired sensor products.

Gross Profit

Gross profit for the first quarter of 2025 was \$1,084, an increase of \$4, or 0.4%, over the same period in 2024. Gross margin increased in the first quarter of 2025 to 48.4% from 48.1% during the same period in 2024. The slight increase in gross margin for the quarter was primarily due to an increase in average selling prices for specific items, mostly offset by increased costs of raw materials across product lines.

Operating Expenses

Total operating expenses increased \$73, or 6.2%, to \$1,253 for the first quarter of 2025 compared to the same period in 2024, and increased as a percentage of net sales to 56.0% from 52.6%. The increase in operating expenses for the period was primarily due to costs associated with additional employee headcount.

- Selling and marketing expenses in the first quarter of 2025 increased \$69 to \$420, or 19.7%, from the same period in 2024, and increased as a percentage of net sales to 18.8% from 15.6%. The increase for the period was primarily due to higher wages and benefits due to the hiring of sales leadership.
- General and administrative expenses increased \$20 to \$587, or 3.5%, in the first quarter of 2025 compared to the same period in 2024, and increased as a percentage of net sales to 26.2% from 25.3%. The increase for the period was primarily due to additional headcount.
- Research and development expenses decreased \$16 to \$246, or 6.1%, in the first quarter of 2025 compared to the same period in 2024, and decreased as a percentage of net sales to 11.0% from 11.7%. The decrease for the three-month period was due to reduced headcount.

Non-Operating Income

Net non-operating income decreased \$28, or 24.1%, for the three-month period ended March 31, 2025 compared to the same period in 2024. The decrease for the period is the result of lower interest income earned as a result of lower interest rates on Treasury Bills.

Income (Loss) Before Income Tax Expense (Benefit)

Loss before income tax benefit was \$81 for the three-month period ended March 31, 2025, representing a decrease of \$97 compared to income before income taxes of \$16 for the same period in 2024. The decrease in the period was primarily due to higher operating expenses and a decrease in interest income as described above.

Income Tax Expense (Benefit)

Income tax benefit was \$17, or (0.8)% of net sales, in the first quarter of 2025 compared to income tax expense of \$5, or 0.2% of net sales, in the first quarter of 2024. The effective tax rate for the three-month period ended March 31, 2025 was 21% compared to 31% in the same period of 2024. The 2024 effective income tax rate was higher than normal due to the write-off of deferred tax assets in conjunction with the expiration of unexercised stock options in the period.

LIQUIDITY AND CAPITAL RESOURCES

Cash and cash equivalents were \$9,918 at March 31, 2025 and \$9,948 at December 31, 2024. The decrease was primarily the result of a decrease in cash from operating activities.

Cash used in operating activities was \$30 for the three months ended March 31, 2025 as compared to cash from operating activities of \$202 for the three months ended March 31, 2024. The \$232 decrease in cash from operating activities was due primarily to a decrease in net income and an increase in trade receivables, partially offset by an increase in accounts payable. The decrease in net income is due to higher operating expenses and lower interest income. The increase in trade receivables is primarily due to the timing of orders. The increase in accounts payable is due to the timing of payments.

Subject to the following section, entitled "Supply Chain and Labor Dynamics," the Company believes its ongoing cash requirements will be primarily for capital expenditures, research, and development, working capital, corporate and business development, and other strategic alternatives and that existing cash, cash equivalents, and investments and any cash generated from operations will be sufficient to meet these cash requirements through at least the next 12 months.

Supply Chain and Labor Dynamics

We purchase parts and materials from various manufacturers and distributors. While we believe our supply chain has begun to stabilize, we still occasionally see unexpected price increases and delivery delays requiring us to intervene and remediate. To meet these challenges, we are seeking additional sources for components and modifying product designs to accommodate new components that are more readily available at competitive prices. There is no guarantee that we will continue to be successful in modifying these designs and sourcing alternative components and material. As a result, we could experience significant delays in receiving certain components needed to make timely customer deliveries, as well as increased costs that erode gross margins. Current supply chain dynamics may have a negative effect on the efficiency of our operations, our customer base, and the domestic or worldwide economy. Recent geopolitical and economic dynamics, including actual or potential tariffs, may have a negative impact on our business. We will monitor and remediate situations as they occur. However, we may not be able to fully remediate, and it may have a negative impact on our business.

Furthermore, the labor market for qualified employees able to fill our various open positions is challenging and becoming more costly. These factors may result in delays in filling these positions and negatively impact profit margins. In addition, we may experience changes in transportation and freight availability that may make it difficult to have materials and components shipped to us, or our products shipped to customers, in a timely and cost-effective manner. While we continue to closely monitor and manage each of these activities, our actions may not be successful and may result in a negative effect on our sales and profit margins.

Future Corporate and Business Development Activities

We continue to seek growth opportunities, both internally through our existing portfolio of products, technologies, and markets, as well as externally through technology partnerships or related-product or business acquisitions. In addition, we may make strategic or other investments that we believe present good opportunities for the Company and its shareholders. The Company's Board of Directors established a special committee and continues to explore business development and other strategic alternatives.

Off-balance Sheet Arrangements

As of March 31, 2025, the Company had no off-balance sheet arrangements or transactions.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Not Applicable.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Based on an evaluation with the participation of the Company's management, the Company's principal executive officer and principal financial officer has concluded that the Company's disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended ("Exchange Act"), were effective as of March 31, 2025.

Changes in Internal Control Over Financial Reporting

There were no changes in the Company's internal control over financial reporting during the first quarter of 2025 that were identified in connection with management's evaluation required by paragraph (d) of Rules 13a-15 and 15d-15 under the Exchange Act, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings – None

Item 1A. Risk Factors – Not Applicable

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds – None

Item 3. Defaults Upon Senior Securities – None

Item 4. Mine Safety Disclosures – Not Applicable

Item 5. Other Information – None

Item 6. Exhibits

David L. Klenk
Chief Executive Officer and Chief Financial Officer
(Principal Executive Officer and Principal Financial
Officer)

**CERTIFICATION PURSUANT TO
SECTION 302 OF THE SARBANES OXLEY-ACT OF 2002**

I, David L. Klenk, certify that:

1. I have reviewed this report on Form 10-Q of Electro-Sensors, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under my supervision, to ensure that material information relating to the registrant is made known to me by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under my supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report my conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. I have disclosed, based on my most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Quarterly Report of Electro-Sensors, Inc. (the “Company”) on Form 10-Q for the quarter ended March 31, 2025 as filed with the Securities and Exchange Commission on the date hereof (the “Report”), I, David L. Klenk, Chief Executive Officer and Chief Financial Officer of the Company, certify, pursuant to 18 U.S.C. §1350, as adopted pursuant to §906 of the Sarbanes-Oxley Act of 2002, that to my knowledge:

- (1) The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.
